

TRADE & CONTRACT MATTRESSES

"Buy direct from the manufacturer and make savings of up to 80% off retail prices"

During these challenging times we are all seeking to ensure the products we purchase are competitively priced and offer value for money. Since 1976 GB Foam Ltd has been supplying a number of the leading furniture and bedding manufacturers with their own range of mattress products.

We have now 'cut out the middle man' to make our exclusive range of mattresses available direct to you, with savings up to 80% off high street prices. We offer a range of standard products or we can produce mattresses to your bespoke requirements.

- Buy direct from the manufacturer; save money and make your budget work harder.
- Bespoke enquiries welcome at competitive rates and short lead times.
- Huge choice of cover types available; Coolmax fabric, budget, waterproof, vapour permeable. (Covers can be stitched or welded to meet your specific application)
- Standard mattress ranges always in stock - Single Mattresses from £69
- 30 Day credit facilities available on request, subject to our standard terms and conditions.
- All products are 100% handmade in the UK and meet the strict UK Fire & Safety Regulations.

Whether you are looking for memory foam, standard foam or budget mattresses, we stock a comprehensive range of foam suitable for all your mattress requirements.

We're ready when you are – please phone or email us and see how much money you could save today!

NAUTILUS CONTRACT MATTRESSES

Our range of Nautilus mattresses are constructed to comply with the strict BS 7175 (Crib 5) fire retardant standards for use in commercial, contract and domestic environment. The Nautilus Contract Mattress is designed for heavy duty environments for continuous day in day out use. The water resistant cover makes the mattress easy to care for and the high density standard foam interior or luxury memory foam interior means there is no need to turn this mattress and they are antibacterial and antifungal, breathable and vapour permeable with anti dust mite and hypoallergenic properties.

Nautilus Contract Fabric is a revolutionary water resistant and breathable fabric which is popular in many commercial and contract situations from University & Student Accommodation, Nursing Homes & Care Homes to Hotels & Holiday Camps and even the MOD.

The structure of the fabric means that the water resistant material is located just under the cover so the occupant does not sleep directly on the water resistant material. This provides breathable sleeping surface which aids more restful sleep while still providing the heavy duty water resistant properties of the fabric.

COOLMAX MATTRESSES

Our range of Coolmax mattresses are constructed to comply with the strict BS 7175 (Crib 5) fire retardant standards for use in commercial/contract and domestic environment. These mattresses provide an increased level of comfort and support for any environment, the covers are completely removable and machine washable and have the option of a high density foam interior or a wide choice of memory foam options to provide that little bit of extra luxury and comfort. All of our mattresses are antibacterial and antifungal with anti dust mite and hypoallergenic properties.

Coolmax Mattress Fabric solves the problem of heat build-up, which is the most common complaint when sleeping at night. Coolmax Performance fabric combines moisture management and airflow technology, keeping you cool in summer and warm in winter.

Coolmax fabric wicks away moisture as well as or better than any other natural fibre. This allows your body to regulate its core temperature without expending a lot of extra energy. The result is you stay cool and dry all night long which aids better more restful sleep.
